Re: United States Patent Application No. 09/844,290  
Filing Date: April 27, 2001  
Title: "Anti-Petasin Antibodies, Methods for the  
Production Thereof and Their Use"  
Docket No.: 050002

Dear Sir:

We have received Notice of Publication of the above-referenced Application. The names of the inventors include a transcription error. The correct name of the first inventor is Werner Schöbller as indicated on the attached copy of the original Declaration. The Application as published incorrectly denotes this inventor's name as "Schobler." That is incorrect, because the o should include a double umlaut and an eszett should be included in place of the "b."

It is believed that no petition is necessary to correct this error. As stated in MPEP Section 201.3 "where typographical or transliteration error in the spelling of an inventor's name is discovered, the Office should simply be notified of the error."

Please make a notation of the correct name of the inventor in the file so it will be printed correctly on any Patent that issues from this Application.

Respectfully submitted,

Duane A. Stewart III
